Fall 2022

Greetings!

Since its opening in 1896, the Eldredge Public Library has played a prominent role in fostering that sense of community that makes Chatham such a special place. Central to our mission over the years has been an ever-evolving array of programs and services that bring people of all ages and backgrounds together, enriching both their lives and the broader Chatham community as well.

The Library's new five-year Strategic Plan reinforces our commitment as a community connector with a goal to expand library services outside our walls and into the community. The library will continue to be a gathering space for community discourse and a place where information, vital services and resources can be found.

Our Annual Fund has always been a crucial financial resource in enabling the Library to maintain its tradition of reaching out to the people of Chatham through exciting community initiatives. Your financial support is more important than ever. We hope that you will join our many loyal contributors to this important Library funding source and support our 2023 Annual Fund campaign.

With sincere appreciation,

A. Kerry Brown  
President, Board of Trustees
